REQUEST FOR QUOTATIONS – SIN60013-Q0002

OB SIDECOURTYARD WATERPROOFING

A. PRICE

The contractor shall complete all work, including furnishing all labor, material, equipment and services required under this purchase order for the following firm fixed price and within the time specified. This price shall include all labor, materials, overhead and profit.

_____ Total Price

B. SCOPE OF WORK

The character and scope of the work are set forth in the contract. The Contractor shall furnish and install all materials required by this contract.

In case of differences between small and large-scale drawings, the latter will govern. Where a portion of the work is drawn in detail and the remainder of the work is indicated in outline, the parts drawn in detail shall apply also to all other portions of the work.

C. PACKAGING AND MARKING

Mark materials delivered to the site as follows:

***American Consulate General
220 Anna Salai
Gemini Circle
Chennai 600006***

D. INSPECTION AND ACCEPTANCE

The COR, or his/her authorized representatives, will inspect from time to time the services being performed and the supplies furnished to determine whether work is being performed in a satisfactory manner, and that all supplies are of acceptable quality and standards.

The Contractor shall be responsible for any countermeasures or corrective action, within the scope of this contract, which may be required by the Contracting Officer as a result of such inspection.

D.1 *Substantial Completion*

(a) "*Substantial Completion*" means the stage in the progress of the work as determined and certified by the Contracting Officer in writing to the Contractor, on which the work (or a portion designated by the Government) is sufficiently complete and satisfactory. Substantial completion means that the property may be occupied or used for the purpose for which it is

intended, and only minor items such as touch-up, adjustments, and minor replacements or installations remain to be completed or corrected which:

- (1) do not interfere with the intended occupancy or utilization of the work, and
- (2) can be completed or corrected within the time period required for final completion.

(b) The "date of substantial completion" means the date determined by the Contracting Officer or authorized Government representative as of which substantial completion of the work has been achieved.

Use and Possession upon Substantial Completion - The Government shall have the right to take possession of and use the work upon substantial completion. Upon notice by the Contractor that the work is substantially complete (a Request for Substantial Completion) and an inspection by the Contracting Officer or an authorized Government representative (including any required tests), the Contracting Officer shall furnish the Contractor a Certificate of Substantial Completion. The certificate will be accompanied by a Schedule of Defects listing items of work remaining to be performed, completed or corrected before final completion and acceptance. Failure of the Contracting Officer to list any item of work shall not relieve the Contractor of responsibility for complying with the terms of the contract. The Government's possession or use upon substantial completion shall not be deemed an acceptance of any work under the contract.

D.2 *Final Completion and Acceptance*

D.2.1 "*Final completion and acceptance*" means the stage in the progress of the work as determined by the Contracting Officer and confirmed in writing to the Contractor, at which all work required under the contract has been completed in a satisfactory manner, subject to the discovery of defects after final completion, and except for items specifically excluded in the notice of final acceptance.

D.2.2 The "*date of final completion and acceptance*" means the date determined by the Contracting Officer when final completion of the work has been achieved, as indicated by written notice to the Contractor.

D.2.3 *Final Inspection and Tests* - The Contractor shall give the Contracting Officer at least five (5) days advance written notice of the date when the work will be fully completed and ready for final inspection and tests. Final inspection and tests will be started not later than the date specified in the notice unless the Contracting Officer determines that the work is not ready for final inspection and so informs the Contractor.

D.2.4 *Final Acceptance* - If the Contracting Officer is satisfied that the work under the contract is complete (with the exception of continuing obligations), the Contracting Officer shall issue to the Contractor a notice of final acceptance and make final payment upon:

- Satisfactory completion of all required tests,

- a final inspection that all items by the Contracting Officer listed in the Schedule of Defects have been completed or corrected and that the work is finally complete (subject to the discovery of defects after final completion), and
- submittal by the Contractor of all documents and other items required upon completion of the work, including a final request for payment (Request for Final Acceptance)

E - DELIVERIES OR PERFORMANCE

52.211-10 COMMENCEMENT, PROSECUTION, AND COMPLETION OF WORK (APR 1984)

The Contractor shall be required to:

- (a) commence work under this contract within 5 calendar days after the date the Contractor receives the notice to proceed,
- (b) prosecute the work diligently, and,
- (c) complete the entire work ready for use **not later than 90 working days after** the date the contractor receives the notice to proceed

The time stated for completion shall include final cleanup of the premises and completion of punch list items.

52.211-12 LIQUIDATED DAMAGES - CONSTRUCTION (SEP 2000)

(a) If the Contractor fails to complete the work within the time specified in the contract, or any extension, the Contractor shall pay liquidated damages to the Government in the amount of Rs. 20,000.00 **for** each calendar day of delay until the work is completed or accepted.

(b) If the Government terminates the Contractor's right to proceed, liquidated damages will continue to accrue until the work is completed. These liquidated damages are in addition to excess costs of repurchase under the Default clause.

CONTRACTOR'S SUBMISSION OF CONSTRUCTION SCHEDULES

(a) The time for submission of the schedules referenced in FAR 52.236-15, "Schedules for Construction Contracts", paragraph (a), is hereby modified to reflect the due date for submission as "ten"(10) calendar days after receipt of an executed contract".

(b) These schedules shall include the time by which shop drawings, product data, samples and other submittals required by the contract will be submitted for approval.

(c) The Contractor shall revise such schedules (1) to account for the actual progress of the work, (2) to reflect approved adjustments in the performance schedule, and (3) as required by the Contracting Officer to achieve coordination with work by the Government and any separate contractors used by the Government. The Contractor shall submit a schedule, which

sequences work so as to minimize disruption at the job site.

(d) All deliverables shall be in the English language and any system of dimensions (English or metric) shown shall be consistent with that used in the contract. No extension of time shall be allowed due to delay by the Government in approving such deliverables if the Contractor has failed to act promptly and responsively in submitting its deliverables. The contractor shall identify each deliverable as required by the contract.

(e) Acceptance of Schedule: When the Government has accepted any time schedule; it shall be binding upon the Contractor. The completion date is fixed and may be extended only by a written contract modification signed by the Contracting Officer. Acceptance or approval of any schedule or revision thereof by the Government shall not:

- (1) Extend the completion date or obligate the Government to do so,
- (2) Constitute acceptance or approval of any delay, or
- (3) Excuse the Contractor from or relieve the Contractor of its obligation to maintain the progress of the work and achieve final completion by the established completion date.

Notice Of Delay - If the Contractor receives a notice of any change in the work, or if any other conditions arise which are likely to cause or are actually causing delays which the Contractor believes may result in late completion of the project, the Contractor shall notify the Contracting Officer. The Contractor's notice shall state the effect, if any, of such change or other conditions upon the approved schedule, and shall state in what respects, if any, the relevant schedule or the completion date should be revised. The Contractor shall give such notice promptly, not more than ten (10) days after the first event giving rise to the delay or prospective delay. Only the Contracting Officer may make revisions to the approved time schedule.

Notice to Proceed

(a) After receiving and accepting any bonds or evidence of insurance, the Contracting Officer will provide the Contractor a Notice to Proceed. The Contractor must then prosecute the work, commencing and completing performance not later than the time period established in the contract.

(b) It is possible that the Contracting Officer may elect to issue the Notice to Proceed before receipt and acceptance of any bonds or evidence of insurance. Issuance of a Notice to Proceed by the Government before receipt of the required bonds or insurance certificates or policies shall not be a waiver of the requirement to furnish these documents.

Working Hours - All work shall be performed during 0830 to 1730 hours between Monday through Saturday. Other hours, if requested by the Contractor, may be approved by the Contracting Officer's Representative (COR). The Contractor shall give 24 hours in advance to COR who will consider any deviation from the hours identified above. Changes in work hours, initiated by the Contractor, will not be a cause for a price increase.

Preconstruction Conference

A preconstruction conference will be held 5 days after contract award at **American Consulate General, 220 Anna Salai, Chennai 600 006** to discuss the schedule, submittals, notice to proceed, mobilization and other important issues that effect construction progress. See FAR 52.236-26, Preconstruction Conference.

F ADMINISTRATIVE DATA

652.242-70 CONTRACTING OFFICER'S REPRESENTATIVE (COR) (AUG 1999)

(a) The Contracting Officer may designate in writing one or more Government employees, by name or position title, to take action for the Contracting Officer under this contract. Each designee shall be identified as a Contracting Officer's Representative (COR). Such designation(s) shall specify the scope and limitations of the authority so delegated; provided, that the designee shall not change the terms or conditions of the contract, unless the COR is a warranted Contracting Officer and this authority is delegated in the designation.

(b) The COR for this contract is the Engineer.

Payment: The Contractor's attention is directed to Section H, 52.232-5, "Payments Under Fixed-Price Construction Contracts". The following elaborates on the information contained in that clause.

Requests for payment, may be made no more frequently than monthly. Payment requests shall cover the value of labor and materials completed and in place, including a prorated portion of overhead and profit.

After receipt of the Contractor's request for payment, and on the basis of an inspection of the work, the Contracting Officer shall make a determination as to the amount, which is then due. If the Contracting Officer does not approve payment of the full amount applied for, less the retainage allowed by in 52.232-5, the Contracting Officer shall advise the Contractor as to the reasons.

Under the authority of 52.232-27(a), the 14 day period identified in FAR 52.232-27(a)(1)(i)(A) is hereby changed to 30 days.

***Budget and Fiscal Section
American Consulate General
Gemini Circle
Chennai 600006***

The contractor shall show Value Added Tax (VAT) as a separate item on invoices submitted for payment.

The American Consulate General, Chennai is exempt from paying Value Added Tax (VAT) per Government of Tamil Nadu Notification No.GO.MS.46 dated May 8, 2009. This amount will be deducted from payment if shown as a separate charge on the invoice.

The American Consulate General, Chennai is also exempt from payment of Service Tax per Ministry of External Affairs Notification No. D-II/451/12 (43)/2007(iii) dated July 18, 2012 and Ministry of Finance, CBEC Notification No.27/2012- Service Tax dated June 20, 2012. If requested, the Consulate will submit an undertaking, in original and bearing a running serial number and date, stating that the service rendered is for official use of the Mission along with a copy of this Certificate to the vendor/service provider for availing the exemption.

G. SPECIAL REQUIREMENTS

G.1.0 Performance/Payment Protection - The Contractor shall furnish some form of payment protection as described in 52.228-13 . **Bank Guarantee 20% of the value of contract for performance and 10% for one year warranty period**

G.1.1 The Contractor shall provide the information required by the paragraph above within ten (10) calendar days after award. Failure to timely submit the required security may result in rescinding or termination of the contract by the Government. If the contract is terminated, the contractor will be liable for those costs as described in FAR 52.249-10, Default (Fixed-Price Construction), which is included in this purchase order.

G.1.2 The bonds or alternate performance security shall guarantee the Contractor's execution and completion of the work within the contract time. This security shall also guarantee the correction of any defects after completion, the payment of all wages and other amounts payable by the Contractor under its subcontracts or for labor and materials, and the satisfaction or removal of any liens or encumbrances placed on the work.

G.1.3 The required securities shall remain in effect in the full amount required until final acceptance of the project by the Government. Upon final acceptance, the penal sum of the performance security shall be reduced to 10% of the contract price. The security shall remain in effect for one year after the date of final completion and acceptance, and the Contractor shall pay any premium required for the entire period of coverage.

G.2.0 Insurance - The Contractor is required by FAR 52.228-5, "Insurance - Work on a Government Installation" to provide whatever insurance is legally necessary. The Contractor shall at its own expense provide and maintain during the entire performance period the following insurance amounts:

G.2.1 General Liability (includes premises/operations, collapse hazard, products, completed operations, contractual, independent contractors, broad form property damage, personal injury)

1. Bodily Injury on or off the site stated in US Dollars:

Per Occurrence	Rs.100,000.00
Cumulative	Rs.1,000,000.00

2. Property Damage on or off the site in US Dollars:

Per Occurrence	Rs.100,000.00
Cumulative	Rs.1,000,000.00

G.2.2 The foregoing types and amounts of insurance are the minimums required. The Contractor shall obtain any other types of insurance required by local law or that are ordinarily or customarily obtained in the location of the work. The limit of such insurance shall be as provided by law or sufficient to meet normal and customary claims.

G.2.3 The Contractor agrees that the Government shall not be responsible for personal injuries or for damages to any property of the Contractor, its officers, agents, servants, and employees, or any other person, arising from and incident to the Contractor's performance of this contract. The Contractor shall hold harmless and indemnify the Government from any and all claims arising therefrom, except in the instance of gross negligence on the part of the Government.

G.2.4 The Contractor shall obtain adequate insurance for damage to, or theft of, materials and equipment in insurance coverage for loose transit to the site or in storage on or off the site.

G.2.5 The general liability policy required of the Contractor shall name "the United States of America, acting by and through the Department of State", as an additional insured with respect to operations performed under this contract.

G.3.0 Document Descriptions

G.3.1 Supplemental Documents: The Contracting Officer shall furnish from time to time such detailed drawings and other information as is considered necessary, in the opinion of the Contracting Officer, to interpret, clarify, supplement, or correct inconsistencies, errors or omissions in the Contract documents, or to describe minor changes in the work not involving an increase in the contract price or extension of the contract time. The Contractor shall comply with the requirements of the supplemental documents, and unless prompt objection is made by the Contractor within 20 days, their issuance shall not provide for any claim for an increase in the Contract price or an extension of contract time.

G.3.1.1 Record Documents. The Contractor shall maintain at the project site:

- (1) a current marked set of Contract drawings and specifications indicating all interpretations and clarification, contract modifications, change orders, or any other departure from the contract requirements approved by the Contracting Officer; and,
- (2) a complete set of record shop drawings, product data, samples and other submittals as approved by the Contracting Officer.

G.3.1.2 "As-Built" Documents: After final completion of the work, but before final acceptance thereof, the Contractor shall provide:

- (1) a complete set of "as-built" drawings, based upon the record set of drawings, marked to show the details of construction as actually accomplished; and,
- (2) record shop drawings and other submittals, in the number and form as required by the specifications.

G.4.0 Laws and Regulations - The Contractor shall, without additional expense to the Government, be responsible for complying with all laws, codes, ordinances, and regulations applicable to the performance of the work, including those of the host country, and with the lawful orders of any governmental authority having jurisdiction. Host country authorities may not enter the construction site without the permission of the Contracting Officer. Unless otherwise directed by the Contracting Officer, the Contractor shall comply with the more stringent of the requirements of such laws, regulations and orders and of the contract. In the event of a conflict between the contract and such laws, regulations and orders, the Contractor shall promptly advise the Contracting Officer of the conflict and of the Contractor's proposed course of action for resolution by the Contracting Officer.

G.4.1 The Contractor shall comply with all local labor laws, regulations, customs and practices pertaining to labor, safety, and similar matters, to the extent that such compliance is not inconsistent with the requirements of this contract.

G.4.2 The Contractor shall give written assurance to the Contracting Officer that all subcontractors and others performing work on or for the project have obtained all requisite licenses and permits.

G.4.3 The Contractor shall submit proper documentation and evidence satisfactory to the Contracting Officer of compliance with this clause.

G.5.0 Construction Personnel - The Contractor shall maintain discipline at the site and at all times take all reasonable precautions to prevent any unlawful, riotous, or disorderly conduct by or among those employed at the site. The contractor shall ensure the preservation of peace and protection of persons and property in the neighborhood of the project against such action. The Contracting Officer may require, in writing, that the Contractor remove from the work any employee that the Contracting Officer deems incompetent, careless, insubordinate or otherwise objectionable, or whose continued employment on the project is deemed by the Contracting Officer to be contrary to the Government's interests.

G.5.1 If the Contractor has knowledge that any actual or potential labor dispute is delaying or threatens to delay the timely performance of this contract, the Contractor shall immediately give notice, including all relevant information, to the Contracting Officer.

G.5.2 After award, the Contractor has ten calendar days to submit to the Contracting Officer a list of workers and supervisors assigned to this project for the Government to conduct all necessary security checks. It is anticipated that security checks will take 15 days to perform.

For each individual the list shall include:

Full Name
Place and Date of Birth
Current Address
Identification number

Failure to provide any of the above information may be considered grounds for rejection and/or resubmittal of the application. Once the Government has completed the security screening and approved the applicants a badge will be provided to the individual for access to the site. This badge may be revoked at any time due to the falsification of data, or misconduct on site.

G.5.3 The Contractor shall provide an English speaking supervisor on site at all times. This position is considered as key personnel under this purchase order.

G.6.0 Materials and Equipment - All materials and equipment incorporated into the work shall be new and for the purpose intended, unless otherwise specified. All workmanship shall be of good quality and performed in a skillful manner that will withstand inspection by the Contracting Officer.

G.7.0 Special Warranties

G.7.1 Any special warranties that may be required under the contract shall be subject to the stipulations set forth in 52.246-21, "Warranty of Construction", as long as they are not in conflict.

G.7.2 The Contractor shall obtain and furnish to the Government all information required to make any subcontractor's, manufacturer's, or supplier's guarantee or warranty legally binding and effective. The contractor shall submit both the information and the guarantee or warranty to the Government in sufficient time to permit the Government to meet any time limit specified in the guarantee or warranty, but not later than completion and acceptance of all work under this contract.

G.8.0 Equitable Adjustments

Any circumstance for which the contract provides an equitable adjustment that causes a change within the meaning of paragraph (a) of the "Changes" clause shall be treated as a change under that clause; provided, that the Contractor gives the Contracting Officer prompt written notice (within 20 days) stating:

- (a) the date, circumstances, and applicable contract clause authorizing an equitable adjustment and

- (b) that the Contractor regards the event as a changed condition for which an equitable adjustment is allowed under the contract

The Contractor shall provide written notice of a differing site condition within 10 calendar days of occurrence following FAR 52.236-2, Differing Site Conditions.

G.9.0 Zoning Approvals and Permits

The Government shall be responsible for:

- obtaining proper zoning or other land use control approval for the project
- obtaining the approval of the Contracting Drawings and Specifications
- paying fees due for the foregoing; and,
- for obtaining and paying for the initial building permits.

The following clauses are set forth in full text:

DEPARTMENT OF STATE ACQUISITION REGULATION (DOSAR) CLAUSES

652.204-70 DEPARTMENT OF STATE PERSONAL IDENTIFICATION CARD ISSUANCE PROCEDURES (MAY 2011)

(a) The Contractor shall comply with the Department of State (DOS) Personal Identification Card Issuance Procedures for all employees performing under this contract who require frequent and continuing access to DOS facilities, or information systems. The Contractor shall insert this clause in all subcontracts when the subcontractor's employees will require frequent and continuing access to DOS facilities, or information systems.

(b) The DOS Personal Identification Card Issuance Procedures may be accessed at <http://www.state.gov/m/ds/rls/rpt/c21664.htm> .

(End of clause)

CONTRACTOR IDENTIFICATION (JULY 2008)

Contract performance may require contractor personnel to attend meetings with government personnel and the public, work within government offices, and/or utilize government email.

Contractor personnel must take the following actions to identify themselves as non-federal employees:

- 1) Use an email signature block that shows name, the office being supported and company affiliation (e.g. "John Smith, Office of Human Resources, ACME Corporation Support Contractor");
- 2) Clearly identify themselves and their contractor affiliation in meetings;
- 3) Identify their contractor affiliation in Departmental e-mail and phone listings whenever contractor personnel are included in those listings; and

- 4) Contractor personnel may not utilize Department of State logos or indicia on business cards.

(End of clause)

DOSAR 652.236-70 ACCIDENT PREVENTION (APR 2004)

(a) *General.* The contractor shall provide and maintain work environments and procedures which will safeguard the public and Government personnel, property, materials, supplies, and equipment exposed to contractor operations and activities; avoid interruptions of Government operations and delays in project completion dates; and, control costs in the performance of this contract. For these purposes, the contractor shall:

- (1) Provide appropriate safety barricades, signs and signal lights;
- (2) Comply with the standards issued by any local government authority having jurisdiction over occupational health and safety issues; and,
- (3) Ensure that any additional measures the contracting officer determines to be reasonably necessary for this purpose are taken.
- (4) For overseas construction projects, the contracting officer shall specify in writing additional requirements regarding safety if the work involves:
 - (i) Scaffolding;
 - (ii) Work at heights above two (2) meters;
 - (iii) Trenching or other excavation greater than one (1) meter in depth;
 - (iv) Earth moving equipment;
 - (v) Temporary wiring, use of portable electric tools, or other recognized electrical hazards. Temporary wiring and portable electric tools require the use of a ground fault circuit interrupter (GFCI) in the affected circuits; other electrical hazards may also require the use of a GFCI;
 - (vi) Work in confined spaces (limited exits, potential for oxygen less than 19.5 percent or combustible atmosphere, potential for solid or liquid engulfment, or other hazards considered to be immediately dangerous to life or health such as water tanks, transformer vaults, sewers, cisterns, etc.);
 - (vii) Hazardous materials – a material with a physical or health hazard including but not limited to, flammable, explosive, corrosive, toxic, reactive or unstable, or any operations which creates any kind of contamination inside an occupied building such as dust from demolition activities, paints, solvents, etc.; or

(viii) Hazardous noise levels.

(b) *Records.* The contractor shall maintain an accurate record of exposure data on all accidents incident to work performed under this contract resulting in death, traumatic injury, occupational disease, or damage to or theft of property, materials, supplies, or equipment. The contractor shall report this data in the manner prescribed by the contracting officer.

(c) *Subcontracts.* The contractor shall be responsible for its subcontractors' compliance with this clause.

(d) *Written program.* Before commencing work, the contractor shall:

(1) Submit a written plan to the contracting officer for implementing this clause. The plan shall include specific management or technical procedures for effectively controlling hazards associated with the project; and,

(2) Meet with the contracting officer to discuss and develop a mutual understanding relative to administration of the overall safety program.

(e) *Notification.* The contracting officer shall notify the contractor of any non-compliance with these requirements and the corrective actions required. This notice, when delivered to the contractor or the contractor's representative on site, shall be deemed sufficient notice of the non-compliance and corrective action required. After receiving the notice, the contractor shall immediately take corrective action. If the contractor fails or refuses to promptly take corrective action, the contracting officer may issue an order suspending all or part of the work until satisfactory corrective action has been taken. The contractor shall not be entitled to any equitable adjustment of the contract price or extension of the performance schedule on any suspension of work order issued under this clause.

(End of clause)

652.242-73 AUTHORIZATION AND PERFORMANCE (AUG 1999)

(a) The contractor warrants the following:

(1) That it has obtained authorization to operate and do business in the country or countries in which this contract will be performed;

(2) That it has obtained all necessary licenses and permits required to perform this contract; and,

(3) That it shall comply fully with all laws, decrees, labor standards, and regulations of said country or countries during the performance of this contract.

(b) If the party actually performing the work will be a subcontractor or joint venture partner, then such subcontractor or joint venture partner agrees to the requirements of paragraph (a) of this clause.

652.243-70 NOTICES (AUG 1999)

Any notice or request relating to this contract given by either party to the other shall be in writing. Said notice or request shall be mailed or delivered by hand to the other party at the address provided in the schedule of the contract. All modifications to the contract must be made in writing by the contracting officer.

652.229-71 PERSONAL PROPERTY DISPOSITION AT POSTS ABROAD (AUG 1999)

Regulations at 22 CFR Part 136 require that U.S. Government employees and their families do not profit personally from sales or other transactions with persons who are not themselves entitled to exemption from import restrictions, duties, or taxes. Should the contractor experience importation or tax privileges in a foreign country because of its contractual relationship to the United States Government, the contractor shall observe the requirements of 22 CFR Part 136 and all policies, rules, and procedures issued by the chief of mission in that foreign country.

U.S. CONSULATE CHENNAI
OFFICE BUILDING SIDE COURTYARD ROOF WATERPROOFING
STATEMENT OF WORK
June, 2013

1.0 BACKGROUND AND PURPOSE

- 1.1 The U.S. Consulate Office Building in Chennai has a requirement to replace waterproofing on the side courtyard building roof. This project requires a qualified contractor to install a single ply EPDM membrane system under thermal insulation and industrial grade tiles finishing according to US standard roof industry practices.
- 1.1 The Consulates roof area is approximately 710 square meters (Refer roof layout Drawing -4). Contractors are advised to visit the site, verify the existing conditions and measurements as stated in this Statement of Work and Drawings-1 to 4 to develop their proposal. Any ambiguity found later will be at the discretion of the Contracting Officer for any modification.
- 1.2 Project Phases: The entire project has to be completed in 90 day on-site Period of Performance. The Contractor shall submit a schedule to indicate the length of each phase for discussion with the Consulate before commencement of the project.
- 1.3 A contractor has to supply all the required materials to complete the project.

2.0 GENERAL REQUIREMENTS

- 2.1 Contractor shall provide personnel, material, equipment, and supervision to complete the technical requirements in this Statement of Work. Contractor shall follow security and safety directions as explained by the Consulate.
- 2.2 *Contractor shall have limited access to or be admitted into the building outside areas designated for the project except with permission by the Consulate.*
- 2.3 *This work shall be done under the presence of Maintenance Escort at all times. There is a possibility that work may get disrupted at times, initially during the chipping / demolition phase due to noisy work.*
- 2.4 *Any damage that occurs to the building, equipment, furnishings or landscaping due to the failure of Contractor to properly protect and secure the work site while the roof project is in progress shall be Contractor's responsibility to repair or replace the damages that have taken place matching to existing at Contractor's expense.*

3.0 SCOPE OF WORK

- 3.1 Contractor shall be required to prepare reports, bill of materials, quality control schedules and construction costs. These documents shall provide the necessary interfaces, coordination, and communication among the Consulate and Contractor for the delivery of a complete roof replacement project.
- 3.2 Pre-Construction Submittals: Contractor shall submit all cut sheets, brochures and material samples as specified for approval before use on the project:

- Sample Warranties
- RubberGard EPDM roofing membrane (Brand-Firestone).
 - UV & ozone resistant
 - Thickness – 1.5 mm
 - Tensile strength (L/T) $\geq 8 \text{ N/mm}^2$
 - Elongation (L/T) - $\geq 300\%$
 - Temperature range – minus 40° to 130°
- Filter Fabric:
 - Contractor shall provide and lay filter fabric over the extruded polystyrene insulation.
 - Manufacturer; TERRAM 500
 - Non woven Polypropylene and Polyethylene based heat welded geotextile.
 - Tensile Strength: 3 KN/m
 - Elongation: 35%
 - CBR puncturing strength: 525N
 - Permeability: 150 Ltr/sq.m/sec.

3.3 Storage Area:

- The Consulate will provide a storage area for the Contractors use on the Compound.
- ***All materials shall be delivered to the rear of the Building.***
- ***All materials shall be stored in the area designated. Contractor shall be responsible for safe handling of the materials.***

3.4 Debris Removal:

- Contractor shall dispose the debris material in such a manner so that recyclable material can be recycled. Once the project begins the Consulate will designate a place for the Contractor's crew to separate materials such as wood, metals, masonry rubble, glass and cardboard. Contractor shall identify local companies that recycle the materials generated to the greatest extent possible.
- Contractor shall take all necessary precaution / protection and obtain approval from local authorities for disposal of debris.
- Contractor shall dispose off all the debris from the Premises and keep the site clean and in workable condition throughout the project duration.

3.5 Roof System Warranties:

- Roofing Material Manufacturer's Warranty: New roofing material shall be installed in such a manner that the roof system manufacturer shall furnish a written warranty agreeing to replace or repair defective materials including the tapered lightweight concrete, leakage of water, abnormal aging or deterioration of materials and other failure of the materials to perform within warranty period. Warranty period is 10 years after date of written final acceptance.
- Contractor's Workmanship Warranty: Furnish a written warranty agreeing to repair or replace defective installation and workmanship causing leakage of water, deterioration of materials and other failures of the installed system, sealants, painting, coatings and related work on this project, to perform within the warranty period. Warranty period is 10 years after date of the written final acceptance.

3.6 Water proofing system: (Drawing-2)

- Contractor shall clean and clear the surface area. After clearing the surface area to be roughened grinding machine.
- When the surface is ready for installing the EPDM membrane The following steps to be followed.
 - Position & Mark the sheets: Position the sheets at the splice area with an overlap of min. 100 mm. Once both the membranes are in place, mark the bottom sheet 10 to 15 mm from the edge of the seam every 300 mm with the white crayon provided.
 -

- Fold back the lap edge: Tack the top sheet back with QuickPrime Plus at 1.5 m centres and at factory seams. This holds it in place during the splicing operation.
- Application of QuickPrime Plus: Remove excess dust and dirt on the sheet and at factory seams, using a stiff broom. Pre-scrubbing is required at all areas that have excess amounts of dust, mica and bonding adhesive and at all factory seams. Dip the Quickscrubber plus stand-up tool into the QuickPrime Plus, keeping the scrubber horizontal and flat so that no primer drips out prematurely.
- Check QuickPrime Plus for dryness
- Install 76 mm (3") splice tape: Position splice tape on the bottom sheet with the release paper facing upwards. Align the edge of the release paper with the marks. Roll the tape immediately using the Quickroller or a 50 mm wide silicone rubber hand roller, applying firm pressure across the tape to remove any air that may be trapped between primer and tape. Hand pressure is not sufficient to seal the seam, since it does not provide uniform compression.
- Check tape alignment: Untack the top sheet and allow it to fall freely onto the tape. Trim the top sheet back as necessary at all areas where the tape does not extend 5 to 15 mm past the seam edge.
- Remove the paper backing: To remove the release paper from the tape, peel the paper off the splice tape, by pulling it away from the seam at a 90° angle to the tape. Pull the paper at a steady pace and keep it low to the roof surface as it is removed to reduce air pockets. Mate the entire length of the seam by hand, when the release paper is being removed.
- Roll the seam: Roll the seam with Quickroller or with a 50 mm wide silicon rubber handroller, both across the seam (1) and along its entire length (2) above both edges of the tape.
- On top of the membrane the contractor shall install Non woven Polypropylene and Polyethylene based heat welded Geotextile.

3.7 Finishing on the building wall side along the length of the security grills:

- **Drawing-3**
Fabricate a 10 mm thick metal plate of width 3" and weld to the grill lower run. This to be used as edge binding for the water proofing layer.

3.8 Roof Drainage: **Drawing -4**

- Contractor shall modify existing roof drains for the new waterproofing system. Prime all metal components in direct contact with the roof membrane prior to installation. The Contractor shall follow the manufacturer's recommendations for membrane ply insertion under the retaining ring of the drain hub.

3.9 Metal Flashing: **Drawing -2**

- Contractor shall provide a saw cut reglet in the concrete walls at 450mm (18-inches) high from the existing top level of the roof slab to accommodate the new protective stainless steel flashing to be installed over the bituminous felt.
- Contractor shall make sure that the reglet for the flashing is straight cut and evenly distanced from every point of the original roof slab.
- Contractor shall provide and install the flashing metal edge using 22 gauge stainless steel sheets for the fabrication of the metal edge.
- Contractor shall use self-tapping stainless steel screws 6mm (1/4-inch) dia. x 38mm (1 ½-inches) long with stainless steel washer and integral rubber seal 25mm (1-inch) wide.
- Contractor shall provide and install continuous 25mm x 3mm aluminum termination bar to secure base flashings. Termination bar shall be secured 200mm on center with self-tapping, stainless steel screws 6mm (1/4-inch) dia. x 38mm (1 ½-inches).

- The counter flashing shall be made with 22 gauge stainless steel sheet. Counter flashing will be secured to the wall with self-tapping, stainless steel screws 6mm (1/4-inch) dia. x 38mm (1 1/2-inches) long with stainless steel washer at 150mm (6-inches) on-center. The gap remaining between the counter flashing and the reglet will be filled with bituminous mastic.

3.10 Finishing for the 2 fire exit door areas:

- Contractor shall create a sunken depth (1.5") for an area 3'X3' in front of the fire exit doors and complete the water proofing on that part to match the existing height to enable door opening.
- Provide necessary sloping and 2 drain points (1" pipe) with necessary accessories and connect to nearest drain point. 2 sets (4 nos.)

3.11 Drain pipes for AC drains:

- Contractor shall repair and refix the existing AC drain pipes.
- Also provide additional 2 drain lines (1") pipes in appropriate locations for connecting AC drains in future.

3.12 Industrial grade tiles:

- Contractor shall provide and install approved industrial grade tiles over the water proofing layer.
- The tiles shall be shall be 600mm x 600mm.

3.13 Elastomeric Coating on Exposed Surfaces:

- The Contractor shall remove any loose plaster and repair matching to existing with 1:4 cement fine sand mortars.
- The Contractor shall paint entire inside exposed parapet walls in the work area with one coat of cement primer and two coats of elastomeric paint to match the existing paint after the demolition work of the existing waterproofing system is completed.
- After completion of the project the Contractor shall touch up the painted areas.
- The Contractor shall protect the entire newly laid waterproofing system against splatter of paint while touching-up the walls.

3.14 Miscellaneous Painting:

- Paint the parapet walls with two coats of weather coat anti-fungal paint. Make: Asian, Apex.

4.0 RESPONSIBILITY OF THE CONTRACTOR

4.1 The Contractor shall be responsible for the professional quality, technical accuracy, and the coordination of all construction and other services furnished under this contract. The Contractor shall, without additional compensation, correct or revise any errors or deficiencies in its construction and other services.
